

At St. Joseph the Provider School we value and promote:

- † A safe, welcoming, caring environment
- † Gospel teachings that permeate the curriculum and learning environment
- † The human dignity of each individual with respect, compassion and acceptance
- † St. Joseph the Provider School is equipped with an air purification system, which cleans the air and surfaces from all impurities, viruses and germs.
- † Academic excellence in all areas of the curriculum
- † Creative and diverse teaching styles meeting the needs of the students
- † Grades 5-8 are departmentalized, which means each teacher will focus on one main subject: Math, Science, Social Studies, Language Arts, and Religion. This allows the teacher to better use instructional time and plan more in-depth lessons. It also allows the teachers to be able to differentiate their lessons to accommodate all students.
- † A learning environment that extends beyond the walls of the classroom
- † Community service projects are fostered and participation is encouraged.
- † We are a school family and strive to assist our families when special circumstances arise.
- † Embracing the whole child, here, now and in the future

St. Joseph the Provider School's Mission...

St. Joseph the Provider Catholic School is an inner-city center of learning serving families in Youngstown, Ohio and the surrounding area. We are committed to providing an inclusive moral, spiritual and academic atmosphere where learning takes place in a safe and caring environment. By fostering positive relationships with our parents and community, we empower them to support their child's efforts to live lives based on the tradition of the Church and the gospel mandate of love through service.
